Physicians Directory & Referral Guide

A comprehensive directory of our medical staff dedicated to the health and well-being of patients.
Dear Colleagues,

Welcome to our physician’s directory. Our aim is to make information about our physicians and medical services accessible to you and your patients.

United Eastern Medical Services (UEMedical) is the leading privately owned healthcare development & investment Company in Abu Dhabi. Since 2005, UEMedical has continuously raised the standards of medical services in the Emirate with its highly recognized specialty hospitals and outpatient facilities. Our integrated healthcare network includes the flagship Danat Al Emarat Hospital for Women and Children, HealthPlus network of specialty centers and the Moorfields Eye Hospital Abu Dhabi.

Our mission is unique in the region, and it fuels a deep commitment to our community. We believe that timely access to appropriate and high quality care is the overarching goal for every patient encounter. This directory is designed to help physicians know the specialties available within our network to give them the capabilities that could benefit their patients.

It provides physicians with convenient access to UEMedical resources. It will help you schedule outpatient appointments including coordination of patient communications, identifying appropriate specialists for consultation, facilitating physician-to-physician communication and providing information about specialized services.

Each of our facilities is committed to providing the highest quality care possible for our patients. Our physicians are renowned for their compassionate approach to each and every patient, and their open interpersonal communication skills.

Teamwork and accountability are essential components of our practice. The care we provide is supported by the latest and the most current medical knowledge and advanced state-of-the-art technology utilized by our highly skilled and experienced staff.

I hope you find the information useful and helpful in assuring your patients that we have taken major steps to build a system of care that ensures timely, accurate, and effective treatments.

Best regards

Assoc. Prof. Dr. Thomas Kunt
Chief Medical Officer

Referral Office

United Eastern Medical Services offers exceptional healthcare services dedicated to delivering patient-centric healthcare solutions. Our referral team is committed to meeting your patients’ individual needs, making the visit to our facilities as comfortable as possible.

The service begins from the moment a medical report/referral/phone call is received. Our team will ensure that your patients are booked with the appropriate specialist at a convenient time and location.

For quick, convenient referrals – named and unnamed – contact our Referral Office. This department liaises with consultants, specialists, health professionals and patients to provide appointments at our facilities. The service you provide with:

- Rapid access to appointments with our top specialised physicians
- One telephone number and one phone call – we look after the rest
- Peace of mind knowing that your patient is being looked after
- Upon consultation/treatment a full medical report will be sent to the referring doctor
- In the event you require further medical information, the team will arrange for a telephone conversation with the treating doctor

Referral Office opening hours are Sunday to Thursday, 8:00 AM – 6:00 PM.

To refer a patient, please contact the Referral Office team on:

**Referral Office Team**

**Tel:** +971 2 614 9912

**Fax:** +971 2 5633872

**Email:** referrals@uems.ae
Additional information

Our flagship facility, Danat Al Emarat Hospital for Women & Children is pleased to be able to offer an Admissions Service – an instant, referral system for patients requiring urgent general medical care. This service is available 24 hours a day, 7 days a week, through our urgent care center. Our Urgent Medical Center services includes:

1. Obstetrics & Gynecology
2. Pediatrics
3. Internal Medicine

For non-urgent medical admissions, please contact our referral office and the team will be happy to assist you.

United Eastern Medical Services

UEMedical’s portfolio of projects is coming together to leverage the combined talent and resources of a world-class Women & Children’s hospital, specialty centers and family clinics to create an integrated healthcare delivery system across Abu Dhabi and the UAE.

As Abu Dhabi’s leading privately owned Healthcare Development & Investment Company, United Eastern Medical Services (UEMedical) has been raising the bar for medical excellence since its inception.

As a progressive healthcare development and investment company, we propel high growth and sustainability by identifying viable business opportunities within the complex healthcare sector. Bolstered by our parent United Eastern Group’s (www.ueg.ae) extensive experience and resources, UEMedical has harnessed the power of close governmental and community ties with a firm sense of social responsibility in spurring its business potential. Our venture has been further enlarged with Al Jaber Group (www.aljaber.com) and Darwish Bin Ahmed & Sons Co. (www.dbasons.com) as partners, considerably increasing the company’s resources and capital.

UEMedical’s multi-cultural team of experts comes from over 35 different countries including:

- Physicians: 90
- Nurses: 230
- Clinicians: 91
- Administration: 281

For more information, please visit www.uems.ae
Danat Al Emarat Hospital for Women & Children

Danat Al Emarat is a world-class specialty women and children’s hospital located in the Emirate of Abu Dhabi and managed by Singaporean Parkway Health, a subsidiary of Southeast Asia’s largest private healthcare provider, Parkway Pantai.

The five-storey and 150-bed hospital covers an area of 45,000 square meters. It offers a comprehensive range of inpatient and outpatient medical services including a full-fledged Neonatal Intensive Care Unit (NICU) & Pediatrics Center, Surgery, Obstetrics & Gynecology, Woman’s Diagnostics & Breast Imaging and others, all of which are equipped with the latest technology and highly-qualified staff to provide unmatched patient and family-centered care. Our medical team is hand-picked from the international and local market specializing in numerous sub-specialities. Our consultants and primary care physicians work closely together to ensure the entire needs of women and children are addressed in a single convenient location and to the highest standards.

Danat Al Emarat is the only private Women and Child hospital to have a Fetal Medicine Department along with a full-fledged NICU unit, Level III providing care for even the most fragile newborns, establishing Danat Al Emarat as a regional referral center for women with high-risk pregnancies.

Adopting top international hospitality standards, Danat Al Emarat provides a full range of VIP suites and services to cater to the Abu Dhabi community combined with leisure and entertainment for families and guests.

The hospital offers its patients antenatal classes that include yoga, massage and hypnotherapy. Having a patient centric approach, the hospital prioritises the patients’ needs first and ensures they are well informed to make the right decisions for themselves and baby.

Moorfields Eye Hospital Centre officially opened on April 2016 at Abu Dhabi Marina Village and is the second branch in the UAE, following the opening of Moorfields Eye Hospital Dubai in 2007.

Moorfields Eye Hospital Centre in Abu Dhabi is a partnership between Moorfields Eye Hospital NHS Foundation Trust and United Eastern Medical Services (UEMedical). Moorfields Eye Hospital in London was founded over 200 years ago and is the oldest and one of the largest centres for ophthalmic treatment, teaching and research in the world.

Moorfields Eye Hospital Centre in Abu Dhabi provides a comprehensive range of specialist ophthalmological services, including surgical and non-surgical treatments for common and complex eye conditions in children and adults, including strabismus, glaucoma, retina (medical and surgical), oculoplastics (including cosmetic surgery around the eye), corneal and refractive (vision corrective surgery). All treatments are carried out on a day case basis.

A team of highly experienced and qualified consultant ophthalmologists, many of whom trained and practiced at Moorfields in London, is based permanently in the UAE to provide treatment and follow up to patients, supported by medical staff and customer services team, with advanced equipment and technology for the diagnosis and treatment of the most complex eye conditions.

Moorfields Eye Hospital Centre has affiliations with most of the major health insurance providers.
